

Waverly Va.

9/7/41.

Dear Sister Lillian,

I received your kind letter a few days ago and was so glad to hear from you. I know I appreciate your letters as much as you do mine and may be a whole lot more and would write oftener if you wrote to me oftener.

I thank you very much for the \$5.00 you sent me for I need it just at this time for the old pump that I have been getting water from has failed and I have got to put down another.

Negro labor to help me put the pump down will cost me 35 cts per hour, but down in Ala. long time ago I could get it sometimes as low as 50 cts. per day.
